We alerted the head office of the 'care' facility our elderly relative is in that she's being grossly financially abused by her POA son. They said it's a family matter and they don't want to know about it. Absolutely Zero duty of care. And the relative is paying over \$1000 / week to stay in low care in a tiny room. She's ineligible for any subsidies. But has had over \$500k of Her Money stolen by the POA son. She's almost 95 years old. And the facility just don't want to know. They're a big part of the problem, as are negligent JP's, landgate, and the SAT. And if we want to help her, it's going to cost US (grandkids) \$20k to sort out (legal fees). There needs to be a royal commission into FINANCIAL ABUSE also, since apparently it's now at epidemic levels. Unbelievable 😡
